

A scatter plot with 'Education' on the x-axis. The x-axis has major tick marks at 0, 20, and 40. The y-axis is unlabeled. The plot contains numerous black circular data points. There is a dense cluster of points between Education values of 0 and 15, with y-values ranging from approximately 10 to 90. A few points are scattered at higher Education values: one at approximately (28, 45), one at (28, 10), two at (28, 5), and one at (55, 2). The background of the plot area is light gray with white grid lines.
